Revision 3.02.000 (Released 2026-10-19)

1. Fix Doxygen warnings, comments, and typos
2. Modify some drivers to fix the MISRA violation.
3. Modify some drivers to fix the MISRA violation.
4. Remove workaround solution for TestBuf issue on version A chip.
5. Fix FMC VSCode & IAR sample code build error
6. Fix ISP sample build fail.
7. Fix MISRA-C issues and align IAR/GCC interrupt vectors with Keil
8. [SBOM] Synchronize corrected M2003 release artifacts
9. Update M2003 dual SBOM source artifacts
10. Merge "Update SBOM artifacts"
11. Update SBOM artifacts
12. Add CMSIS hash metadata
13. Merge "Add CMSIS hash metadata"
14. Merge "Fix Cppcheck unusedStructMember warning in retarget.c"
15. Correct RTC Sample copde project setting
16. Fix Cppcheck unusedStructMember warning in retarget.c
17. Remove useless files
18. Merge "Modify bpwm/timer/usci drivers to fix some MISRA violation"
19. Modify bpwm/timer/usci drivers to fix some MISRA violation
20. Fix MISRA-C violations for I2C, PDMA, UART and GPIO driver.
21. Add M2003I/J SBOM files
22. Update for M2003I/J SBOM & Add M2003C/E/G SBOM files
23. Update for SBOM
24. Fix CRC/RTC/WDT/XModem MISRA C violations
25. Update FMC and DMFC drivers for MISRA-C/Cppcheck compliance
26. Update Sample Code

Revision 3.01.000 (Released 2026-06-03)

27. Support M2003xI, M2003xJ

Important Notice

Nuvoton Products are neither intended nor warranted for usage in systems or equipment, any malfunction or failure of which may cause loss of human life, bodily injury or severe property damage. Such applications are deemed, "Insecure Usage".

Insecure usage includes, but is not limited to: equipment for surgical implementation, atomic energy control instruments, airplane or spaceship instruments, the control or operation of dynamic, brake or safety systems designed for vehicular use, traffic signal instruments, all types of safety devices, and other applications intended to support or sustain life.

All Insecure Usage shall be made at customer's risk, and in the event that third parties lay claims to Nuvoton as a result of customer's Insecure Usage, customer shall indemnify the damages and liabilities thus incurred by Nuvoton.
